## LEAGUE & CUP RESULTS: League Positions after the last round

**The league positions have been decided in the final week of competition.** With a win against a top contender "The Latecomers" ensured a share of the top of the table. Wootton Club now remained their only challenge, but their unexpected loss by just 3 pins against Axe Vale Terriers (*who last week lost to the bottom of the league*) dropped Wootton into the runners up spot just two points behind The Latecomers.

**With another last minute change Nick Hawker (Thorncombe "A") has climbed back to the top of the averages.**

No change, in this final week, in the positions for other league competitions.
